CHICAGO ELECTION A BITTER FIGHT

(By Associated Press)

Chicago, April 1.—Men and women balloted for mayor and other city officers today after a campaign said to have been the most bitter in the history of the municipality. With six candidates in the field for Mayor, partisan, religious and racial hatred flamed high. Last night there were riotous scenes in the central district which extra police details had difficulty in controlling. The candidates for Mayor are: William Hale Thompson, Republican incumbent; Robert M. Sweltzer, Democrat; county clerk MacLay Hayne, Independent Democrat; State Attorney John Fitzpatrick, labor; president of the Chicago Federation of Labor; John M. Collins, Socialist; Adolph S. Carl, Socialist Labor.

(By Associated Press)

Paris, April 1.—Marshal Foch will leave Paris tonight for Spa to meet Matthias Erbenberger to discuss with him the allied demands that Polish troops be permitted to use the port of Danzig. The Marshal has received full powers to negotiate. The interrelated shipping commission has completed preparations to transport the Polish troops to Danzig.

Paris, April 1.—The Germans are concentrating large forces in eastern Prussia under command of Field Marshal Von Hindenburg, according to the Paris edition of the New York Herald.

Paris, Monday, March 31.—A feeling of apprehension over the lack of progress on the peace treaty persists in American circles here, although it is stated in authoritative quarters that differences which have arisen have not reached the status of a deadlock. The principal difficulty has been found in settling upon reparations. It is said that the frontier question now turns along the securing of military safety along the Rhine.

STRIKERS RESUME PICKETING

(By Associated Press)

Lawrence, Mass., April 1.—The striking textile workers who last night announced readiness to submit their demands to arbitration by Henry B. Thoreau had resumed picketing on mill gates and approaches today.

The body of pickets was not as large as on some days but strike leaders said they felt their position was stronger than at any time since the strike began two months ago. None of the mill officials would say that he favored the proposed reference to Mr. Endicott on the demand of strikers for 54 hours pay for the new 48 hour schedule. The strike committee were also without word from Mr. Endicott as to whether he would act. The police received two reports of stoning of houses last night. 160 men employed in constructing an addition to the Washington Mills struck today for 20 per cent increase in wages.

Boston, April 1.—"Indications are that Young America wants to go to Europe to finish the job," said Col. P. H. West, Director of recruiting here today in telling of the rush of applicants for army service overseas. The average number of men presenting themselves as recruits had been 7 daily until word of guarantee of service overseas for 50,000 went out. Then the number jumped to 50 a day. None of those who volunteered wore the overseas gold or blue chevrons. Half were men recently discharged.

100 PASSENGERS IMPRISONED IN ICE

(By Associated Press)

No. Sydney, N. S., April 1.—One hundred passengers on board the steamship Kyla, which has been imprisoned in the ice two miles off this coast for a week, were relieved when members of the crew ventured ashore over the ice and returned safely with a large quantity of provisions which were damaged on floats.

The Kyla which carries passengers and freight across Cabot Strait left the railway terminals here early last week and became caught in the ice off Cap-Berry Head. Since that time the steamer has been unable to make headway. Two aviators from England on their way to St. John's, N. E., to make preparations for a trans Atlantic flight, are among the ship's passengers.

GERMANS MIX UP IN HUNGARY

(By Associated Press)

Paris, April 1.—Documents in possession of the French and Roumanian governments, the newspapers say, prove that the advent of the communist government in Hungary was due in a great part to a maneuver of Count Karolyi in collaboration with the German government. The movement was aimed directly at the allied powers, it is added.

PEACE SIGNED STORY IS PREMATURE

(By Associated Press)

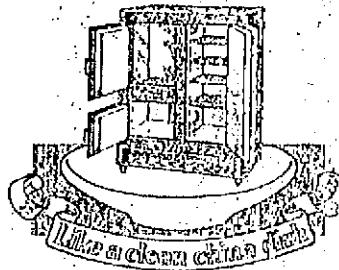

Paris, April 1.—Somebody started a story this morning that Col. House had announced that the peace treaty had been signed. The report rapidly spread all over Paris and the telephone wires to American headquarters became hot with inquiries as to the truth of the rumor. It did not take long, however, for inquiries to realize the character of the report when they were reminded that today was April 1st.

DEATHS AT LAUNCHING REDUCED TO 4

(By Associated Press)

Bristol, Pa., April 1.—According to the coroner the accident yesterday at the launching at Harbortown, Pa., of the cargo carrier Waukan resulted in the death of four workmen. The Delaware River in the vicinity of the ship-building plant was searched today but the coroner said he had no reason to believe that more than four had been drowned. About 50 workmen had climbed upon the platform near a vacant ship way in order to get a good view of the launching. This toppled over and all the men fell into the river. As far as is known all were rescued except four, these being foreigners employed in the launching plant.

The coroner absolved the shipbuilding company from blame. He said the men were on the platform in violation of the rules of the company.

OBITUARY

James H. Philbrick.

James Rufus Philbrick died at his home on Whipple road, Kittery, Monday, March 31, at 9 a. m. of heart disease. He was the son of James and Dorothy (Bentley) Philbrick, being one of a family of 8 children, and was born in Kittery, Aug. 5, 1845. He was educated in the public schools and Andover, N. H. Academy. Previous to his illness he was employed as a driver in the shipping department of the navy yard. In early life he kept a grocery store at the village.

Mr. Philbrick has been for many years identified with the town in its social, religious and political activities. He was a member of the Board of Selectmen for 25 years, and a charter member of Riverside Lodge, I. O. O. F. He was a member and deacon of the Second Christian church, having joined the church more than 50 years ago during the pastorate of Elder Lewis Phillips.

Mr. Philbrick married Oct. 9, 1867, Miss Martha E. Wadleigh who survives him. There is also living a sister, Mrs. John E. Leavitt of Wadsworth, Mass. Mr. and Mrs. Philbrick had one child, a daughter, Cora E. who died some years ago. She was the wife of Rev. Walter H. Chandler, also deceased.

Mr. Philbrick's leading characteristics were industry, public spirit, firmness and rigid integrity on all moral and religious principles. Always pronounced in his opinions, he supported with earnestness and vigor whatever cause he espoused. Possessed of a natural gift of oratory, his eloquent and forceful public speaking will be remembered by those who have heard him, and he was often called on for such service. The last time he spoke in public was the occasion of the memorial service for the late Henry Wallingford, A. B. F. 17th. 2. He was at that time suffering from a nerve affection caused by an accident while employed at the navy yard, an illness which caused him great suffering for two years before his death.

In the passing of Mr. Philbrick the town loses one of its best known and most respected citizens. One who served it faithfully and well in the different capacities to which called; an example of honest and rugged integrity, piety and principle of which there are all too few now-a-days and such as appear to be disappearing from our New England life as the generations come and go. Yes, the day has been full of labor, but now is the daylight past; and the way was very toilsome, but the journey is over at last.

Lo, the physician's staff is broken; And the sandals are laid aside; "I am come to the gate," said our brother.

"Will they hear on the other side?"

"I have only a little token, 'Twas given me long ago; But it came from the dear Redeemer, Who death and poverty I know!"

Softly he whispered the pass-word, As he knelt at the gate of the King, And we feel that the shining angels Must have hastened to let him in.

Funeral services will be held at the Second Christian church, Thursday, April 3, at 7:30 p. m. Relatives and friends are invited.

William Quinn

William Quinn died at the Portsmouth Hospital on Monday afternoon at the age of 57 years. He was taken critically ill at noon with acute appendicitis and was rushed to the hospital. Dr. H. L. Taylor performed an operation but he was just alive when he was taken to the hospital. He has been a well known figure in Portsmouth for half a century and was known by everyone as "Fat Man" Quinn. He took a prominent part in politics.

FIGHTING AND SPEECH MAKING, FURNISHES THRILLS FOR LARGE CROWD OF BOXING FANS

Three draws, and two substitutes, with plenty of clinching and a chance for everybody to make a speech sums up the ring activities at the Rockingham A. C. last evening.

In the six-round preliminary young Scott through the referee announced that the doctor would not permit him to box as he was not physically fit. Another young lad took his place and a merry battle was the result. Plenty of action throughout pleased the fans and the sub received the glad hand from the crowd.

Another substitute was introduced

to the large number of fans as McGinnis from Lynn. He did the honors for Greek Alger who failed to appear. The pride of Buxworth got in action with the aforesaid gentleman and demonstrated that the New Hampshire town has a fighter to be proud of. McGinnis was a bit stiff to start with but after two or three sessions the son of the shoe city began to take an interest in the game and went after the unburned lad with deadly intent but was unable to land the wallop that produces dreams. The men battled eight rounds and the fans were fully satisfied with the fight and the

decision of the referee, which was a draw.

In the 12 round bout Walter Butler of Revere, Mass., and Freddy Yelle of Taunton started to battle in a way that would be delightful if the fans wished to see a perfect love match but the bunch were there for a fight and manager Bill Dow was there to see that they got what they paid for. He stopped the powder puff exhibition at the end of the fourth round and told the men that if they wished to see the color of his money that they would have to stage an honest to goodness fight. Butler made a grandstand speech pointing out to the fans that in over three hundred ring engagements that he had never been accused of stalling but the crowd "booed" him and he quit. After that speech making became the rage and anybody that had anything on his mind entered the square circle and oared to his heart's content. Finally the boxer came to the conclusion that Manager Dow really meant what he said about the long green and they decided that the money was necessary to their happiness so they resumed the struggle in a more spirited manner and the fans warmed to the pair.

The final eight rounds were really fast and both the boys worked hard to remove the suspicions of stalling. The last two rounds of the contest fair-ly ended with action and the crowd went wild with enthusiasm. The referee's decision of a draw was approved.

The club will hold another show in two weeks and the card will be announced later.

ening was "Socialism and Organized Labor," and in the course of his remarks the speaker paid his respects to the Bolsheviks, the I. W. W. and the A. F. of L.

He began his remarks by giving his audience "just a word about Russia." He told of the "prevailing condition of servitude" of the Russian serf or peasant and explained the feudal system under which the land was formerly held. He detailed the historical facts of the coming of freedom to the Russian serf in 1861, how the Russian government bought land for the serfs and how the land was divided among the heads of families and then subdivided until a peasant has been known to cultivate a strip of land no wider than six feet. This rural peasant's idea of wealth took the form of land, as that was his sole standard of value. The Russian Patrick Henry might well have said, "Give me land or give me death," and since no one would give him land, the Russian peasant seized what was essential to his existence. What was done by the rural peasant was also carried out by the urban worker in mill and factory. They seized the machinery of industry and also the product of the machinery and denied the franchise to all who did not work with their hands. No employer can vote in Russia. This is Bolshevism. Russia will undoubtedly work out her own salvation in due course of time. There is a great deal of Bolshevism in the United States. The I. W. W. are the exponents of the radical Socialist ideas in this country. They have a definite program, a system of philosophy, a well edited press, and able and facile pens in the accomplishment of a clearly outlined purpose. All socialists, from Calix Marx down to the present day teach the same doctrine, that the present industrial system is wrong, that the wage system is slavery, plundering in robbery and capital is simply stolen goods. The I. W. W. action is "Take what belongs to you and do it now." There can be no reconciliation between capitalist and labor. To offset the influence of the "soup box orator" the speaker advanced a propaganda of right and cogent reasoning. Those possessed of intelligence to know true economics should boldly proclaim their reasons for the "faith that is in them" and thus reach the honest and mislead believer in revolutionary tactics. The speaker admitted the seriousness of the problems now before the world but would not acknowledge the presence of overwhelming peril, because "God is in the heavens and all's well with the world." Mr. Roberts' denials "capital," showing that large amounts of capital were not the result of profit but rather the result of the frugality of the workers and took the form of the savings of the workers, and that the real capitalists of the world were the toilers who had ability to save. The American Federation of Labor received commendation for its conservatism, but was censured about a too-close approach to socialism and its economical heresies. At the close of the address, the audience gave token of its appreciation by deserved applause, and the Club passed into the enjoyment of a social hour and its accompanying "cats."

ing was "Socialism and Organized Labor," and in the course of his remarks the speaker paid his respects to the Bolsheviks, the I. W. W. and the A. F. of L.

He began his remarks by giving his audience "just a word about Russia." He told of the "prevailing condition of servitude" of the Russian serf or peasant and explained the feudal system under which the land was formerly held. He detailed the historical facts of the coming of freedom to the Russian serf in 1861, how the Russian government bought land for the serfs and how the land was divided among the heads of families and then subdivided until a peasant has been known to cultivate a strip of land no wider than six feet. This rural peasant's idea of wealth took the form of land, as that was his sole standard of value. The Russian Patrick Henry might well have said, "Give me land or give me death," and since no one would give him land, the Russian peasant seized what was essential to his existence. What was done by the rural peasant was also carried out by the urban worker in mill and factory. They seized the machinery of industry and also the product of the machinery and denied the franchise to all who did not work with their hands. No employer can vote in Russia. This is Bolshevism. Russia will undoubtedly work out her own salvation in due course of time. There is a great deal of Bolshevism in the United States. The I. W. W. are the exponents of the radical Socialist ideas in this country. They have a definite program, a system of philosophy, a well edited press, and able and facile pens in the accomplishment of a clearly outlined purpose. All socialists, from Calix Marx down to the present day teach the same doctrine, that the present industrial system is wrong, that the wage system is slavery, plundering in robbery and capital is simply stolen goods. The I. W. W. action is "Take what belongs to you and do it now." There can be no reconciliation between capitalist and labor. Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Manchester, March 31.—Lieutenant Colonel Theodore Roosevelt has wired Major Frank Knox requesting the latter to co-operate in the organization of all men who have served in the land and naval forces of the United States in the war. The initial steps looking toward such an organization have been taken by officers and men of the A. E. F. at a preliminary meeting held in Paris. At this meeting Colonel Roosevelt, who was about to return home, was delegated to undertake the arrangements for a similar conference of ex-service men on this side. LOCAL AUTOIST HAS HAVERHILL COPS IN UPROAR

Mysterious Box of Cigars
Bone of Contention

This is a story about a box of cigars which has been the topic of conversation among the Haverhill police officers for several days.

Two weeks ago, Sergeant Frank O. Blanchard arrested a well known resident of this city on a charge of delivering an automobile without having a license in his possession. Arraigned in the Haverhill court and after a hearing the case was placed on file. Now comes the mystery. A week later a box of cigars appeared at the Haverhill Police Station marked for Sergeant Frank O. Blanchard and Officer Sergeant Blanchard claims that someone in the station, whom he does not know added "and Office," to his name. The doctory Haverhill blizzard sold the cigars much to the chagrin of the police officers, who were in hopes of receiving a smoke.

Everyone connected with the department denies mixing the "and Office" and all state that it was not attached at the Police Station. The day after the smokes arrived a slip of paper was posted at the station that offered a reward for acknowledgment of the party alleged to have enlarged upon the address. "There was no amount stated as reward and the 'gully' party was never found."

A member of the department wrote to the Portsmouth resident who carelessly speeded his driver in the Shoe City and asked him regarding the address, and according to the officer, he replied that he sent the cigars marked Sergeant Blanchard and Office, but Sergeant Blanchard is still a skeptic on the smoke question.

Can our police department help out the puzzled Haverhill cops?

**Look and Feel
Clean, Sweet and
Fresh Every Day**

Drink a glass of real hot water
before breakfast to wash
out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel full and heavy when they arise, splitting headache, stuffy with a cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnation matter.

Everyone, whether ailing, sick or well, should each morning, before breakfast drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour life and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

DOVER

Dover, April 1.—The board of fire engineers have made a change in the permanent men at the Broadway station. As a result William Thayer has resigned as driver of the combination horse drawn truck and Capt. Joseph Bernard, who resigned his position just full to go to work at the L. H. Shattuck shipyard at Newington is back on his old job as driver of the truck.

The idea of combining the celebration to be given the soldier boys by the citizens of Dover and the "Old Home" week celebration seems to be gaining favor in the minds of the local merchants and the leading citizens. It is thought that by August a large majority of the soldier boys will have returned to their homes and it is proposed that during the "Old Home" week one day be set aside and called "Military Day," at which time Dover people can show their full appreciation of the service rendered by the boys at the front.

Mrs. Sarah, widow of John W. Combs, died at her home, 11 Green street Monday morning at 3:30 o'clock, aged 64 years and 28 days. She is survived by one son, James Francis Combs, and two brothers, Daniel and James McKone, both of this city.

Mrs. Sarah J. Pierce, widow of Col. George H. Pierce, a former highly esteemed resident of this city, died at her home at Danvers, Mass., at the age of 92 years. The deceased was born in Dover, the daughter of Mr. and Mrs. Daniel J. Niles. Following the death of her husband, she left Dover to live with her son, Thomas W. Pierce, the well-known horseman. She is survived by one son, Thomas, and one daughter, Mrs. Bessie Harris. The funeral services were held at her late home Sunday and the body was brought to this city in an auto hearse Monday and buried in the family lot in Pine Hill cemetery.

HAMPTON

Hampton, March 31.—On account of illness of Miss Susie Scott, teacher of the 5th and 6th grades, Mrs. Fulton taught for her on Friday.

Schools in town are closed for a spring vacation of a week.

The class parts were given out at the Academy on Friday as follows: First honor, Valdemar, Marie Philbrick of North Hampton, the second honors were a tie between Marion Merrill of Hampton Falls and Mary Gorkin of this town. The rest of the class parts will be given out by election at class meeting.

Miss Beatrice Church of Simmons College is visiting her cousin, Bessie Philbrick.

Henrik Clark of Simmons College, is the guest of the Misses Myers. William Brown took a truck load to Hampton Falls to attend the drama "The Adventures of Grandpa," given by the Woman's Club at that town on Saturday evening.

"FAT MAN" QUINN NO MORE

The death of William Quinn Monday evening removes a figure that has been prominent for many years. He "mixed up" in politics more or less and had been concerned in many episodes that made him known to everyone. His voice was heard upon the streets for twenty-five years as a vendor of fruit. He has traveled for the past five years returning now and then to do his part in the political contests. He had a good many friends and his death will cause much regret among them.

THOUGHT SHE LOST HER GOLD WATCH

A woman rushing into the depot this

morning very much excited, claimed she had lost her very valuable gold watch on the train from York Beach. With the train crew she searched the cars standing on a side track in the yard but the missing time piece could not be found.

After the hunt she told the trainmen she was not certain about losing it in the car and thought it may have disappeared while on her way from the depot to Hanover street. Finally she was underlined whether or not she had it on when she left home.

STAGING GIVES AWAY AND TWO PAINTERS FALL

One Nearly Goes Through Top of Automobile.

Two men painting a floor advertisement on the building occupied by A. E. Freeman at the corner of Hanover and Vaughan streets, took a fall this morning when they were on the scaffolding. One of the men was working on a ledge when he slipped and fell, causing a drop of twelve or fourteen feet to the sidewalk.

Various mixtures of paint covered the sidewalk and the clothing of the painter.

One of them in his fall just escaped going through the top of an automobile standing close by and was quite badly shook up.

The other workman got out of it with a cut hand and few bruises.

TO PLAY AT ORGAN RECITAL AT NORTH CHURCH

The second in a series of free Lenten organ recitals at the North Church will be held on Friday evening. John Hermann, organist of Boston will preside at the organ and will be assisted in the service by Hugo Gigante of New York as violinist.

Mr. Gigante was formerly a member of the orchestra of the U. S. S. Frodo, a ship which was considered one of the finest of the fleet. He was on the ship when it was at this port and one of the musicians who played at a concert given at the navy yard and also at the North church. He has recently received his release from the service and is now playing at the Bluffs Theatre, New York. He comes to this city on purpose to play at this recital. The Epworth League society held a business meeting and social at the Methodist vestry on Monday evening. A good number were present and the special guest of the evening was Oscar Johnson, a member of the Epworth League and of the church, who had recently returned from service overseas, having been across a year.

The young soldier was called upon for remarks and he talked extemporaneously of his experience overseas. He spoke especially of the fine work of the Red Cross and what it meant to the boys; also of the fraternal feeling among the soldiers, saying one was ever ready to share anything he had given him with the others. FORMER LOCAL MAN GIVEN PRISON TERM

Fred H. Clarke of Newark Guilty of Mail Frauds.

Trenton, N. J., March 31.—Fred H. Clarke, at one time a professional man in Boston, and a native of Portsmouth, N. H., was sentenced to serve three years in the Atlanta Penitentiary by Judge J. In suits, overcoats, hats, shirts and neckwear we show everything that's new and stylish for men's wear for spring. In suits for the young smart set we've the very smartest things in "skirted" or "waist line" models. Now one thing to bear in mind with relation to these models is that it requires expert tailoring to "get them right." Ours are from Stein-Bloch and Kuppenheimer.

Why You Should Buy Coal Now

The price of coal is 75 per cent determined by wages. The wage agreement at the mines continues until April 1, 1920. The Fuel Administration reports that 35 per cent of the mines cannot make any money at the present mine prices. In view of this, how can coal be cheaper this year?
